

TALHA KHAN

Technical Project Manager | AI & Data Platforms | FinTech | AdTech | Healthcare

New Jersey, USA | talha.khan9344@gmail.com | (848) 348-1267 | linkedin.com/in/talhakhan9344

EXECUTIVE SUMMARY

Builder. Operator. Strategist. A hands-on Technical Project Manager who doesn't just run projects - I build them from the ground up. With 9+ years delivering AI, FinTech, InsurTech, Healthcare, and SaaS projects, I've owned the full lifecycle from scope definition and planning through engineering execution, launch, and revenue growth. I've helped grow client portfolios by \$4.5M+ and managed up to \$6.5M in active business, consistently delivered 20% under budget, and leveraged AI-assisted development to cut project costs and timelines by 50%. I lead distributed teams across three continents, hold PMP, PMI-ACP, and SAFe credentials among 10+ certifications, and bring the technical depth to code alongside engineers and the executive presence to align C-suite stakeholders - on the same day.

CORE COMPETENCIES

Technical Project Management | AI & ML Platform Delivery | Product Vision & Roadmapping
Distributed Team Leadership (3 Continents) | Revenue Growth & Client Expansion | Agile / SAFe / Scrum at Scale
Cloud Architecture (AWS) | RPA & Process Automation | Risk, Scope & Budget Management

CAREER HIGHLIGHTS

\$6.5M	in client business managed; \$4.5M+ in new revenue driven	50%	cost & time reduction on projects via AI-assisted development
40%	automation throughput increase on OpenParser AI platform	20%	average under-budget delivery across all projects
12+	direct reports led across engineering, QA & analytics teams	5+	concurrent AI, cloud & analytics projects delivered simultaneously

PROFESSIONAL EXPERIENCE

Innovatix Technology Partners | Total Tenure: 9+ Years | New Jersey, USA (Hybrid)

Technical Project Manager

Innovatix Technology Partners | January 2019 - Present | New Jersey, USA · Hybrid

- Spearheaded OpenParser AI (enterprise document intelligence platform) from the ground up - owning project planning, product vision, development leadership, and go-to-market execution across the full delivery lifecycle.
- Drove \$4.5M+ in new client revenue through account expansion and delivery excellence, managing more than \$6.5M in active client business across enterprise accounts including Clarivate, Norstella, ASI, and Centene - serving as the primary point of contact for requirements, expectations, and contractual delivery objectives.
- Led 12+ direct reports across the U.S., Pakistan, and India - engineers, QA analysts, and data scientists - improving team velocity by 30% through Agile KPIs, sprint governance, and structured capacity planning.
- Managed 3+ concurrent projects in production at any given time, delivering on time, within scope, and consistently 20% under budget.
- Delivered Innovatix ATS (internal SaaS applicant tracking system) on time and within budget - owning requirements, backlog management, roadmap planning, sprint execution, release management, and cross-functional alignment.
- Leveraged AI-assisted development to reduce project costs by 50% and accelerate delivery timelines by 50%, establishing a repeatable AI-augmented delivery model across the organization.
- Implemented structured risk, issue, and dependency management frameworks that prevented three major delivery delays, protecting revenue-critical client commitments.
- Modernized a legacy claims and provider onboarding platform to .NET and AWS, reducing infrastructure spend by 20% and cutting deployment time from 2 weeks to 1 day.
- Built AWS-native analytics workflows (Lambda, API Gateway, S3, RDS) enabling secure, compliant data processing for

InsurTech and HealthTech clients.

- Built multi-project roadmaps and maintained delivery accountability across Healthcare (Centene), FinTech, InsurTech, E-commerce, and AdTech verticals.
- Partnered with C-suite and director-level stakeholders to manage 5+ concurrent AI, cloud, and analytics projects against high-stakes delivery timelines.

Data Scientist

Innovatix Technology Partners | July 2018 - December 2018 | Remote · Internal Rotation

- Led analytics development for an AdTech platform for Quorum Outdoor, delivering the full end-to-end analytics stack 2 months ahead of schedule (5-month project completed in 3).
- Built ML models for claims classification and provider segmentation using Python, Pandas, and Scikit-Learn, achieving 12-18% accuracy improvements over prior baselines.
- Developed executive-grade BI dashboards (Power BI, Tableau, QuickSight) enabling KPI tracking across 50+ enterprise clients; implemented speech analytics via CallMiner resulting in 15% call-center efficiency gain.

Senior Software Engineer (Consulting)

Cinnova Technologies, LLC | November 2021 - January 2023 | Remote

- Delivered web applications, APIs, and BI dashboards for U.S.-based clients using Angular, .NET, and cloud-based development workflows while concurrently holding the Technical Project Manager role at Innovatix.

Founder & CEO

Grounded Sax Nature, Inc. | July 2017 - April 2018 | Portsmouth, New Hampshire

- Founded an eco-friendly apparel startup specializing in eucalyptus-based premium denim - developed business plans, prototypes, overseas vendor relationships, and a full product line from zero.
- Established the corporation, built the website, managed all finances, and pitched to boutiques to explore distribution partnerships; demonstrated entrepreneurial execution from concept to market.

RPA Analyst

Accelirate, Inc. | March 2017 - June 2017 | Edison, New Jersey

- Built RPA workflow POCs and maintained existing automations for financial data processes including Mark-to-Market, AR/GL, and invoice entry - foundation of later RPA expertise.

Business Manager

Student Press Organization, University of New Hampshire | December 2014 - October 2015 | Durham, NH

- Managed a \$175,000 budget, reducing expenses by 25% while simultaneously growing revenue by 25% - overseeing 78 people and 4 publications.
- Launched new publication 'Aegis' generating \$5,600 in additional ad revenue; allocated \$1.2M in student body funds as Executive Member of Student Activity Fee Committee.

EDUCATION

BS in Business Administration - Accounting & Finance, Minor in Economics

Peter T. Paul College of Business & Economics, University of New Hampshire | August 2013 - December 2016 | Durham, NH
GPA: 3.41 | Dean's List Honors (Fall 2013, Spring 2014, Fall 2014) | Dean's List HIGH Honors (Spring 2016)

CERTIFICATIONS & CREDENTIALS

- PMP - Project Management Professional
- SAFe 6 Agilist
- PSM I - Professional Scrum Master
- AI Product Management (Duke University)
- AWS Technical Professional
- Microsoft Professional Program - Data Science
- Python Programmer (DataCamp)
- WorkFusion Power User
- PMI-ACP - Agile Certified Practitioner
- SAFe 6 Scrum Master
- PSPO I - Professional Scrum Product Owner
- AWS Certified Cloud Practitioner
- AWS Cloud Economics Accredited
- Microsoft Power Platform Fundamentals
- UiPath RPA Developer
- CallMiner BI Analyst+

TECHNICAL SKILLS

Project & Product: Technical Project Management, Project Planning & Scheduling, Risk & Dependency Management, Budgeting & Cost Control, Product Roadmapping, SDLC Leadership, Agile (Scrum/SAFe), Release Management, OKRs & KPI Frameworks

AI & Data: ML Workflows, Python, Pandas, Scikit-Learn, SQL, Power BI, Tableau, QuickSight, Snowflake, CallMiner

Cloud & Infrastructure: AWS Lambda, API Gateway, S3, RDS, CI/CD, .NET, Microservices, Azure, Power Platform

Automation: RPA (UiPath, WorkFusion, Power Automate), AI-Assisted Development, Process Optimization

Domains: FinTech, InsurTech, Healthcare (Centene), E-Commerce, Manufacturing, SaaS, Enterprise AI Platforms
